### Is Your Telephone Bill Out of Hand?

Are you tired of sitting through confusing monthly billing statements from various service providers that include lots of little charges for this feature, that call, etc.? Can you call your friends and family for free and talk as long as you like... for just \$19.95 per month?

### Can You Choose the Calling Features That You Want?

Can you change, add or delete features on your current phone service with the click of a mouse? Can you select your own area code to better suit your calling patterns? Can you take your home phone with you wherever you go?

### Is It Time to Take Charge of Your Phone Service?

Can you add additional phone lines quickly and easily as you need them, without having to waste time on service calls? Can you rely on one service provider to address all of your telephone needs?

**Packet8 — The All-in-One Phone Solution!**

### Packet8 - Maximize Your Broadband

Packet8 uses your existing broadband Internet connection combined with our unique communications technologies to provide a new and exciting telephone service. Expand your broadband connection to be more than just Internet access. With Packet8 your computer, telephone and high-speed Internet connection finally come together to form a powerful communication tool.

Once your account has been set-up, you will receive everything you need to start using your Packet8 telephone service. Plus in your phone. Start making and receiving calls. It's that simple.

**Sign-Up Today!** Total up-front investment only \$29.90 with Coupon Code — includes first month's service, activation fee & equipment.
