

UAE Phone Number

Own and Control a UAE Phone Number

UAE Phone Number Provides a Direct Connection to the UAE marketplace or your associates or family located in the UAE.

Although the UAE has an advanced telecom sector, none of the UAE telephone companies (Postal, Telegraph & Telephone) permit call forwarding beyond the UAE border.

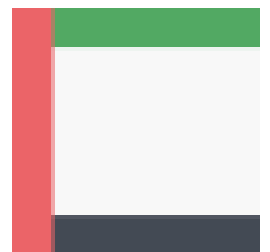

Our service provides a solution to the global call forwarding requirement from UAE and assists you to own a UAE phone number with international call forwarding capabilities.

UAE virtual phone number provides the freedom of running your UAE business no matter where you are physically located. You can be in any country and receive calls from the UAE virtual phone number.

Using UAE virtual numbers connects you with an economy based on fairness and ease of access. With a population approaching 9.4 million (2017), there are opportunities in all sectors.

A feature example: **Time Of Day Routing** - you can have the UAE virtual phone number ring to a mobile phone between specified hours in the daytime and then ring to a different phone number at night or even ring to a phone in a different country.
